Dear Mr. Adrian Drury,

I just wanted to let you know how impressed I was with your delivery service. Having telephoned you late on Wednesday, my table was picked up on Thursday and delivered on Friday morning at the agreed time. I was extremely impressed that you went to the trouble to let me know that there was a slight imperfection in the table and ask if I was aware of it. I also thought your charge for the job was very reasonable. I would not hesitate to recommend or use your company's services in the future.

Once again, many thanks for a job well done.

Yours sincerely,
